- 1) What about this VISTA position in particular interests you?
- 2) What skills or talents will you bring to this position?
- 3) How will completing a year of service advance your professional and/or personal life goals?

It's important to spend some time reflecting on the commitment required to serve as an AmeriCorps VISTA.

This is a 365 day commitment. Think about how you see your next year and if there is anything that may prevent you from committing to a full year of service. Are there any changes you may need to make to your lifestyle to accommodate life on the living allowance? Would you be willing to make those lifestyle changes for a full year?
